

If You Go

Pussycat

Honey, yesterday you said
You didn't feel the same
Feelings were the last thing
You could spare, when I came

Words are only words you know
They will never go away
But I've got still a thousand reasons
To be here with you each day
If you need me anyway, here I'll be
Don't walk away from me
Don't walk away from me

Cause if you go, my whole world will be dying,
Crying eternally, searching a part of me
Cause if you go, I don't know what you're trying
This time is hurting so
If ever you should go,
I don't know what you're trying
This time is hurting so
If ever you should go

Yearning takes a lot of time
Pursue me if you can
Cause you'll be needing so much loving
Just to feel the same again
If you ever need me when you are free

Don't turn away from me
Don't turn away from me

Cause if you go, my whole world will be dying,
Crying eternally, searching a part of me
Cause if you go, I don't know what you're trying
This time is hurting so
If ever you should go,
I don't know what you're trying
This time is hurting so
If ever you should go

Honey I'm the one that needs to try
Life is something we must learn
So don't you say goodbye

Cause if you go, my whole world will be dying,
Crying eternally, searching a part of me
Cause if you go, I don't know what you're trying
This time is hurting so
If ever you should go,
I don't know what you're trying
This time is hurting so
If ever you should go
