

# Separate The Boys From Men

Pyogenesis

[Music & Lyrics: Flo V. Schwarz]

Growing up with patience  
Means you'll be a man  
Going through all stations  
Not only you will understand  
Cause all the kids are staying kids  
And all serious become men  
Don't give a shit, don't look behind you  
And time will seperate  
Seperate the boys from men  
Sort out everything you can  
- All the boys from men  
- Everything you can  
Now, you've gotten older  
Now, you've gotten wise  
You tell all the youngsters  
Give them your best known advice  
Cause all the kids are staying kids  
And all serious become men  
Don't give a shit, don't look behind you  
And time will seperate  
Seperate the boys from men  
Sort out everything you can  
- All the boys from men  
- Everything you can
