She Cries

Pyogenesis

Too much anger, too much argue That seems not ok I don't see a need to change my mind so tell me how about you It has to be over - no need for a lie It has to be over - let's say good bye It has to be over - even if she cries How much longer you want to go on some things never change I don't want, I don't need, I don't see a way out We won't rearrange It has to be over - no need for a lie It has to be over - let's say good bye It has to be over - even if she cries
