Ann

Ann, I will love you When I know that I can Ann, I will love you When you know what I am

You think that you love me But you don't know me yet Perhaps I'm not what I'll be You think that you love me But I don't think it's that You have to learn to live with me

You think that you love me But you don't know me yet Perhaps I'm not what I'll be You think that you love me But I don't think it's that You have to learn to live with me

Ann, I will try it But I think that I can't Ann, I will try it But you won't understand
