

## Dive In

Quarashi

Someday I will dive me in.  
Someday I will take a spin.  
Someday I will make it right.  
Someday I will stop the fight.

It has been thought, it's been thought

I found a god that can teach.  
Take me along, once again on that trip.  
Bring it on and when I'm gone, bite your lip.  
Is it too good to be secure?  
Maybe I should, I think I should find the cure.  
It's been thought before.

I found a god that can teach.  
Someday you will dive in.  
Someday you will dive in.  
It's been thought before.  
It's been thought before.
