

It Don't Move Me

Quarterflash

The kids are hungry
And they line up and down the street
Just to catch a glimpse
Of the miracle of the week
But I knew there was something wrong
When the king had nothing on
Oh, no!

You say that it feels right
You say that it fits tight
You say that it moves light
But it don't move me
You say that it's in time
You say that it feels fine
You say that it moves
But it don't move me

Excuse me baby,
But I just can't catch the thrill
Of watching some joker
On the big screen make the kill
I'm sorry if it breaks your heart
But it don't tear me apart
Oh, no

You say that it feels right
You say that it fits tight
You say that it moves light
But it don't move me
You say that it's in time
You say that it feels fine
You say that it moves
But it don't move me
Don't move me

Everybody needs a new thrill a day
And you know somebody's gonna sell it
But when the screams die down
And the dreams leave town
You're alone - you're all alone
