

# Fuck Hollywood

Quasi

When you drop out of site  
And you just don't care  
It's okay, it's alright  
You're almost there  
If you can't sleep at night  
And you hair grows gray  
It's alright, it's okay  
You're on your way  
You don't know this song  
And it just seems wrong  
It's okay, it's alright  
It won't be long
