

No One

Quasi

No one will hurt you
No one will hurt you
No one can hurt you
No one can hurt you
I won't allow them to hurt you
Lay here beside me
Stay here beside me
Close your eyes
Stay here with me
'Cause no one will help you
No one will help you
No one can help you
No one can help you
I won't allow them to help you
Lay here beside me
Stay here beside me
Close your eyes
Stay here with me
Oooh... ahhh... ah... ah...
