

## No One

Quasi

No one will hurt you  
No one will hurt you  
No one can hurt you  
No one can hurt you  
I won't allow them to hurt you  
Lay here beside me  
Stay here beside me  
Close your eyes  
Stay here with me  
'Cause no one will help you  
No one will help you  
No one can help you  
No one can help you  
I won't allow them to help you  
Lay here beside me  
Stay here beside me  
Close your eyes  
Stay here with me  
Oooh... ahhh... ah... ah...
