

## Seal the Deal

Quasi

You don't have to understand it to make it  
Make it go away  
You can't walk around pretending to fake it  
It doesn't work that way  
You don't have to be a pro to play

You might believe its just an illusion  
You might think its real  
You don't have to overcome your confusion  
You only have to feel  
It's long past time for you to seal the deal
