

# Come into My House

Queen Latifah

Don't make me wait  
Don't make me wait  
Don't make me wait

Give me body  
Give me body

Welcome into my queendom, come one come all  
When it comes to lyrics I bring them  
In spring I sing in fall I call out to all the ones who had a hard day  
I prepared a place on my dance floor  
The time is now for you to party  
I thought it would be a good chance for you to move

One nation under a groove  
House music always soothes  
So get with the flow let's go yo  
Can you rock to a house groove tempo?

If so, then shall we let the games begin?  
What better off position can you be in?  
I'm on fire, the flame's too hot to douse  
The pool is over, come into my house

Don't make me wait  
Come into my house  
Give me body  
Don't make me wait  
Come into my house  
Give me body

Here's a dance step, from now I'll kick a  
Bass and treble flow through the speakers  
Ride the rhythm, I know it's gonna reach ya  
I'm the queen, Latifah

Now it's time to run through it 45 king? Cue it  
Yeah, there you go, I told you you could do it  
Now did you enjoy it?  
That was cool  
I knew it

Dance to the beat of the drum, give me some  
With the flavor unit I've come to say, "Ride the groove line"  
Don't swing the pipeline, listen to the smooth line  
Throw away the white line

It's a house party I'm hosting  
Come and rock with the one who's chosen  
It can't turn me inside out  
For those who dare, to come into my house

Don't make me wait  
Come into my house  
Give me body  
Don't make me wait  
Come into my house

Give me body

It's a new fusion I'm using, you ask what is it I'm doing?  
Hip hop house, hip hop jazz, with a little pizazz  
From the queen, the queen of royal badness  
Remember me from wrath of my madness?  
It's my rap that rocks this party, I'm a hijack and jack your body

This is not an erotic interlude, keep in mind I move multitudes  
The Asiatic black woman, hardcore beat drumming  
It's hard to keep a good woman down, so I keep coming  
Blow for blow, I take and I get some still I rise in a civilized wisdom  
I hope the lyrical display has you around  
It's an open invitation, come into my house

Don't make me wait  
Come into my house  
Give me body  
Don't make me wait  
Come into my house  
I want you to give me body

Don't make me wait  
Come into my house  
I know you're there, give me body  
Don't make me wait  
Come into my house  
All the ones on the dance floor give me body

Yeah, come on, yeah  
Come on, yeah  
Give me body  
Give me body

Give me body  
Give me body  
Come on, come on  
Give me body

I know you're out there  
I want you to come over here  
To do a little somethin' like this  
Shake it up then  
Give me body

Don't make me wait  
Don't make me wait  
Don't make me wait  
...
