Latifah's Had it up 2 Here

Queen Latifah

```
The Queen is hyped up
Ayo Manda
What's up La
Yo people have been trying to get fierce on me,
I think it's time I tell them about themselves
Yo just give it to them safari style
Well, well, well it's L.A
The T.I
The F.A.H
You'll see why
Q.U
Double E.
Is the reason I must be myself
What else?
Well fame hasn't got me
Souped up
Selling out
Sloppy or poppy
There so much live for
There for
Here's more from a woman
All woman
Keep the rumors
To Your
Self
The over blown
Home grown
Not known
Fools who never shown
Proof let alone own
A lot of props
Or hip hip pop chart
Notch on your clock is my spot
Now who got the marks?
I do
Why you little played out Achew
(Bless You)
I'm allergic to wack crews
The La
The Ti
The Fah
The Queen is up
Throwing salt that you never seen before
How dare
Those who talk
We can't have them
Some make me wanna go out with the bat and a magnum
But a wise
Civilized
Growing higher
Judgment's from the queen
```
