

## No/Yes

Queen Latifah

Its been too long since you kiss  
Me do you want me or is you  
Gonna leave it alone I'm so tired of this driving  
Throw my head I will see you  
[Chorus:]  
No/yes ya gonna see me  
No/yes ya gonna see me  
No/yes ya gonna see me  
No/yes ya gonna see me  
If its real nada see the  
Truth the reality is real
