

Don't Try Suicide

Queen

Ok

Don't do it Don't you try it baby

Don't do that Don't Don't Don't

Don't do that

You got a good thing going now

Don't do it Don't do it

Don't

Don't try suicide

Nobody's worth it

Don't try suicide

Nobody cares

Don't try suicide

Just gonna hate it

Don't try suicide

Nobody gives a damn

So you think it's the easy way out

Think you're gonna slash your wrists

This time

Baby when you do it all you do is

Get on my tits

Don't do that try try try baby

Don't do that - you got a good thing going now

Don't do it Don't do it - Don't

Don't try suicide...

You need help

Look at yourself you need help

You need life

So don't hang yourself

It's o.k. o.k. o.k. o.k.

You just can't be a prick teaser all of the time

A little bit attention - you got it

Need some affection - you got it

Suicide suicide suicide bid

Suicide suicide suicide bid

Suicide

Don't do it Don't do it Don't do it babe

Don't do it Don't do it Don't-do it

Don't put your neck on the line

Don't drown on me babe

Blow your brains out -

Don't do that - yeah

Don't try suicide...

Nobody gives - nobody gives

Nobody gives a damn
