

## Laugh Or Cry

Queen

This ain't no tragedy  
This ain't no addiction  
This ain't no comedy  
This ain't no fiction  
But baby you make me laugh  
And baby you make me cry  
I don't mind either way  
Now I don't care why  
You just gotta laugh -- or cry  
Right till. The day you die.....  
Just open up your heart  
Or open up your eyes  
Laugh or cry  
So anytime you wanna laugh  
Anytime you wanna cry  
Just open up your heart  
Or open up your eyes  
And baby laugh -- or cry  
And baby I know  
That you'll thank me someday  
(Don't hide your emotions)  
And baby I know  
That you'll see it my way  
(Forget all of these notions)  
So anytime you wanna laugh  
Anytime you wanna cry  
Just open up your heart  
Or open up your eyes  
And baby laugh -- or cry  
Right till the day you die
