

# Surf's Up...School's Out!

Queen

Surf's up  
School's out  
I got a criminal urge to  
Twist and shout

I've been searching  
My whole life through  
For some perfect dream  
Imagined in my youth

Follow that dream  
Surf's up - School's out  
Surf's up - School's out

For a perfect life  
Find a perfect girl  
You gotta follow that dream  
To a perfect world

I've been a searcher  
An adventurer too  
This ride still runs  
I wanna ride with you

This ride still runs  
Wanna ride with you

Follow that dream  
Surf's up - School's out  
Surf's up - School's out

In the town and the country  
We all lay and dreamed our dreams  
Then we found the world is tough  
And all is not quite what it seems  
Gotta take it by the horns  
Gotta seize your precious day  
Got to follow your dream

Follow that dream  
Follow that dream

Follow that dream  
Surf's up - School's out

Follow that dream  
Surf's up - School's out  
Surf's up

Follow that dream  
Surf's up - School's out  
Surf's up - School's out

Follow that dream  
Follow that dream
