White Queen

Queen

So sad her eyes smiling dark eyes So sad her eyes as it began

On such a breathless night as this Upon my brow the lightest kiss I walked alone And all around the air did sway My lady soon will stir this way In sorrow known

The white queen walks
And the night grows pale
Stars of lovingness in her hair
Needing unheard pleading one word
So sad my eyes she cannot see

How did thee fare what have thee seen The mother of the willow green I call her name
And 'neath her window have I stayed I loved the foot steps that she made And when she came

White queen how my heart did ache And dry my lips no word would make So still I wait

My goddess hear my darkest fear I speak too late
It's for evermore that I wait

Dear friend goodbye No tears in my eyes So sad it ends as it began
