

# You And I

Queen

Music is playing in the darkness  
And a lantern goes swinging by  
Shadows flickering my heart's jittering  
Just you and I  
Not tonight not tomorrow  
When everything's sunny and bright (sunny and bright)  
No no no come tomorrow 'cause then  
We'll be waiting in the moonlight

We'll go walking in the moonlight  
Walking in the moonlight  
Laughter ringing in the darkness  
People drinking for days gone by  
Time don't mean a thing  
When you're by my side  
Please stay a while

You know I never could foresee the future years  
You know I never could see  
Where life was leading me  
But will we be together for ever?  
What will be my love?  
Can't you see that I just don't know

No no not tonight not tomorrow  
Everything's gonna be sunny and bright  
Wait and see if tomorrow we'll be  
As happy as we're feeling tonight  
We'll go walking in the moonlight (we'll be happy)  
Walking in the moonlight

I can hear the music in the darkness  
Floating softly to where we lie  
No more questions now  
Let's enjoy tonight  
Just you and I, just you and I  
Just you and I  
Can't you see that we've gotta be together  
Be together just you and I just you and I  
No more questions just you and I
