

Do It Again

Queens of the Stone Age

I fall over and over and over over over on you
I get ill, I get ill, I get ill, you're the only one I'm into
You and me
Fit so tight
I go lower and lower and lower lower livin easy
I don't know, I don't know what I got till it's over
You and me
Fit so tight

Can you do it again
Do it again
Do it again
Can you do it again

All the way, all the way, all the way, there's no where left we
can meet
I'm into what you do but I leave you no where
You and me
Fit so tight
All we need
Is one more time

Can you do it again
Do it again
Do it again
Can you do it again

I only get to live one life
I won't pretend you're only mine
Where will you go, where will you find the way

To do it again
Do it again
