

Into the Hollow

Queens of the Stone Age

Avoir, Adieu, Goodnight,
I'm too wrong, to get right,
But I cant wait forever,
I've always been alone,
A fool believes he's clever.
Don't you wanna go into the hollow?
I won't go it alone,
Aren't you gonna follow?

I live behind my eyes,
Be sure to keep the surprise,
I break what I've already borrowed,
That's why I always go,
Alone into tomorrow.
Don't you wanna go into the hollow?
Don't wanna go alone, aren't you gonna follow?
Into the hollow
