Into the Hollow

Queens of the Stone Age

Avoir, Adieu, Goodnight, I'm too wrong, to get right, But I cant wait forever, I've always been alone, A fool believes he's clever. Don't you wanna go into the hollow? I won't go it alone, Aren't you gonna follow?

I live behind my eyes, Be sure to keep the surprise, I break what I've already borrowed, That's why I always go, Alone into tomorrow. Don't you wanna go into the hollow? Don't wanna go alone, aren't you gonna follow? Into the hollow
