

Mexicola

Queens of the Stone Age

Setting sun deals hands of gold
There's velvet eyes in Mexico
Just a fall away
And all she said was true

Speak in tongues, speak in lies
Drooling livers, born to die
It's a wonder that those guns don't point at you
Oh, oh
Oh, oh

(Keep sayin') Go on
(Keep sayin') Go on
(Keep sayin') You will (live forever)
(Keep sayin') Go on
(Keep sayin') Go on
(Keep sayin') You will (live forever)

Point and shoot, I know just what you mean
In a world that's full of shit and gasoline, baby
One dog's dead, one's on the phone
Just leave a lung or leave it alone
It's that same old song again
I hate it 'cause it's true
Oh, oh
Ooh-oh, ooh-oh

(Keep sayin') Go on
(Keep sayin') Go on
(Keep sayin') You will (live forever)
(Keep sayin') Go on
(Keep sayin') Go on
(Keep sayin') You will (live forever)
