## Someone's in the Wolf

## Queens of the Stone Age

Once you're lost in twillights's blue You don't find your way, the way finds you...

Tempt the fates, beware the smile It hides all the teeth, my dear, What's behind them...

So glad you could stay Forever

He steps between the trees, a crooked man There's blood on the blade Don't take his hand

You warm by the firelight, in twilight's blue Shadows creep & dance the walls He's creeping too..

So glad you could stay Forever
