

# Un-Reborn Again

## Queens of the Stone Age

Skinny knows Jack  
Skinny knows Jack  
Knowing nothing about nothing  
It's a blessing in fact

Acid faced Jake  
Acid faced Jake  
He like them dancing straight boys  
Makes his pupils dilate

Juzzy come quick  
Juzzy come quick  
Tell the doctor to come over  
Bring emergency kit

Evil ol' Scratch  
Evil ol' Scratch  
He drink the water from the gutter  
It's a natural fact

Youth  
You could be young again  
Anew  
Be un-reborn again  
Askew

Frozen in pose locked up in amber eternally  
Buried so close to the fountain of youth you can almost reach

Frozen in pose locked up in amber eternally  
Buried so close to the fountain of youth you can almost reach

A fever

Well, Chi Chi gone shake  
Chi Chi gone shake  
Ti rompo il culo  
Se magnifiqué ode lay

Twizzy gon' twitch  
Twizzy gon' twitch  
He said no huggy, no kissy  
Until I get a wedding ring

K Dubs cuts quick  
Taking no shit  
Give a metal blowjob  
Middle finger n' split

Youth  
You could be young again  
Anew  
Be un-reborn again  
Right where the map ends, is where its hid  
Under the X is where it lives  
Askew

Frozen in pose locked up in amber eternally  
Buried so close to the fountain of youth I can almost reach

Frozen in pose locked up in amber eternally  
Buried so close to the fountain of youth I can almost reach

I had a vision as clear as day (Frozen in pose locked up in amber eternally)  
Delusions of grandeur in our DNA (Buried so close to the fountain of youth I  
can almost reach)  
Every drop like an ocean, a moment of truth (Frozen in pose locked up in amb  
er eternally)  
Everybody was drowning in the fountain of youth (Buried so close to the foun  
tain of youth I can almost reach)

Screaming, du-du, du-du, du-du la-dickduh  
Screaming, du-du, du-du, du-du la-dickduh  
Du-du, du-du, du-du la-dickduh-uhuh-uhai  
Du-du, du-du, du-du la-dickduh

There's gotta be somewhere to bury the pain  
You can drink from the water before it's been drained away  
Every drop like an ocean, every moment undone  
Implosions of beauty back to where we begun  
There's gotta be somewhere to bury the pain  
Everybody was drowning in the fountain of youth  
Screaming, du-du, du-du, du-du la-dickduh  
Screaming, mm-hm, mm-hm, hm-hm, hmmm-hmmm-hmmm
