

I Feel You

Queensberry

I tried so hard to get over it
I tried so hard but I couldn't quiet
I tried both this and that
but this and that won't get your back

Oh-oh-oh-oh
I never thought I could let you go
but it's time that I let you know
I'm not the stupid kind
you showed me all the signs
I clearly was too blind
But deep inside

I can feel what you feel
what you need is somerthing real
I feel you, I feel you
I can feel what you feel
let me give you something real,
I feel you, I feel you

I've got nothing left to hide
Love means swallowing my pride
I feel you, I feel you

It's a chemical inside
I said it's over but I lied
I feel you, I feel you

I know it's wrong but I'll take a risk
What's on my mind? Cann you take a guess?
You wanted a virgin blessed
then me undressed
Well, what comes next?

Oh-oh-oh-oh
I never thought I could let you go
but it's time that I let you know
I'm not the stupid kind
you showed me all the signs
I clearly was too blind
But deep inside

I can feel what you feel
what you need is somerthing real
I feel you, I feel you
I can feel what you feel
let me give you something real,
I feel you, I feel you
