

# Replay

Queensberry

I'm too nice for the city  
Too honest for the game  
All the two faced little let downs  
They're all the one in the same  
When ridding on the track and field  
There's no room for mistakes  
I've given everything I have to give  
And I think I'm ok

So you can keep it on the replay  
keep it on the replay  
If you're not gonna change  
You can keep it on the replay  
So sadd but true  
So sad that you  
Can't stand up and walk away  
So you can keep it on the replay  
Keep it on the replay  
I'm gonna be okay

It's too cold in the city  
It's too dark of a life  
Some how we end up molded  
I'm not better than the city  
I just want to show something more  
I deserve a little space to bring something out  
Of this love we hate like war

So you can keep it on the replay  
keep it on the replay  
If you're not gonna change  
You can keep it on the replay  
So sadd but true  
So sad that you  
Can't stand up and walk away  
So you can keep it on the replay  
Keep it on the replay  
I'm gonna be okay

When you smile  
it doesn't have to be so serious  
Let it go, I know of everything  
That stands between us

So you can keep it on the replay  
keep it on the replay  
If you're not gonna change  
You can keep it on the replay  
So sadd but true  
So sad that you  
Can't stand up and walk away  
So you can keep it on the replay  
Keep it on the replay  
I'm gonna be okay
