

The Song

Queensberry

Spinning and spinning beginning to lose the ground. . . .
It's like there's a party inside me on it's way out.
I know that you want it, I know that you want my sound. . . .
Forget it, can't get it, it's mine and you're not allowed.

Cause when I rock, no one rocks harder than me,
and I don't stop cause I got that energy.
I got the bass and the drums, the're moving me along.

Yeah! Ah!! Inside my brain there's a song.

(You think I'm crazy baby?)
Inside my brain there's a song!
(I might just may be baby!)
Inside my brain there's a song!
(There's a song x8)

You may call me crazy, and maybe you might be right. . .
The music inside me keeps going all through the night!
I'm Schitzo, Sublitzo, What makes up for something bad. . . .
But baby, just maybe it's better than what you have!

Cause when I rock, no one rocks harder than me,
and I don't stop cause I got that energy.
I got the bass and the drums, they're moving me along.

Yeah! Ah!! Inside my brain there's a song!

(You think I'm crazy baby?)
Inside my brain there's a song!
(I might just may be baby!)
Inside my brain there's a song!
(You think I'm out my mind!)
Inside my brain there's a song!
(Cause my foot's keeping time)
Inside my brain there's a song!

(There's a Song)
(There's a Song)
Ah!!
(Queensberry here!)
(There's a Song)
(There's a Song)
Ah!
(Queensberry here!)
(There's a Song)
(There's a Song)
Ah!!
(Queensberry here!)
(There's a song-song-song-song- (Ah!!) song-song-song)

Cause when I rock, no one rocks harder than me,
and I don't stop cause I got that energy.
I got the bass and the drums, they're moving me along.
Yeah! Ah!! Inside my brain there's a song.

(You think I'm crazy baby?)
Inside my brain there's a song!
(I might just may be baby!)
Inside my brain there's a song!
(You think I'm out my mind!)
Inside my brain there's a song!
(Cause my foot's keeping time)
Inside my brain there's a song!
