

# Gonna Get Close to You

Queensrÿche

I like to look at shadows sweating on the wall  
I get excited when I hear footsteps in the hall (La-la-la-la-la-la-la-la-la-la)  
Outside your balcony I have a room with a view  
And I'm watching you.... I dial your telephone each and every afternoon

And I wait by your door till you're asleep at night  
And when you're alone I know when you turn out the light (turn out the light)

I'm gonna get close to you  
Oh, so close to you  
I'm gonna get close to you  
I'm gonna get close...

You fumble for your keys, I'm six or seven steps behind you, I'm so close to you  
Are you terrified of me? What do I know about you, how did I find out?

You think I'm a fool or maybe some kind of lunatic  
Say I'm wasting my time but I know what to do with it  
It's as plain as black and white

I'm gonna get close to you  
Oh, so close to you  
I'm gonna get close to you  
Oh, so close...

If you knew my infinite charm (oh, oh)  
There'd be no reason to be so alarmed

Maybe I'm wrong maybe I'm right, maybe I'm some kind of lunatic  
You say I'm wasting all of my time, but I know what to do with it  
It's plain as black and white

I'm gonna get close to you  
Oh, so close to you  
I'm gonna get close to you  
Gonna get so...

I'm gonna get close to you  
Oh, so close to you  
I'm like a hungry Criminal  
And your protection is minimal, so minimal

I'm gonna get close to you  
Oh, so close to you  
I'm gonna get close to you  
Oh, so close to you...
