

Hey, Mona

Hey hey hey, Mona

Oh, Mona

I'm gonna tell you, Mona, what I wanna do

I wanna build my house next door to you

Can I make love to you once in a while?

Oh, maybe we can go kissing When I come out on the front

You'll listen to my heart goin' bumpity bump

I need you, baby and it ain't no lie

When I'm through lovin' I'll surely die

Hey, Mona

Ooh, Mona

Hey hey hey, Mona

Ooh, Mona

I'm gonna tell you, Mona what I wanna do

Wanna build a house next door to you

Oh, can I make love to you once in a while?

Yeah, we can go kissing When I come out on the front

Girl, you'll listen to my heart goin' bumpity bump, bumpity bum

p

Well, I need you, baby, and it ain't no lie

Well, without your loving I'll surely die
