What About Me

Quicksilver Messenger Service

You poisoned my sweet water. You cut down my green trees. The food you fed my children Was the cause of their disease.

My world is slowly fallin' down And the airs not good to breathe. And those of us who care enough, We have to do something......

Oh... oh What you gonna do about me? Oh... oh What you gonna do about me?

Your newspapers, They just put you on. They never tell you The whole story.

They just put your Young ideas down. I was wonderin' could this be the end Of your pride and glory?

I work in your factory.
I study in your schools.
I fill your penitentiaries.
And your military too!

And I feel the future trembling,
As the word is passed around.
"If you stand up for what you do believe,
Be prepared to be shot down."

And I feel like a stranger In the land where I was born And I live like an outlaw. An' I'm always on the run...

An I'm always getting busted And I got to take a stand.... I believe the revolution Must be mighty close at hand...

I smoke marijuana
But I can't get behind your wars.
And most of what I do believe
Is against most of your laws

I'm a fugitive from injustice But I'm goin' to be free. Cause your rules and regulations They don't do the thing for me

And I feel like a stranger In the land where I was born And I live just like an outlaw. And I ways on the run.
