

# Alive and Well

Quiet Riot

Headin down the wrong way  
On a one way street  
Lookin for love but it ain't  
Lookin for me  
I feel like a fool  
But what do you expect  
Life is to short to waste on regrets

Look at me now it must be  
Hard to tell...

That I'm alive and well  
I'm alive and well  
And I'm here to tell  
That I'm alive and well

Ten years later and it's all the same  
No reason to bitch but I still complain  
God only knows what God only knows  
How can we find the key to it all

Lookin at me now it must be  
Hard to tell...

Look out !

Closer to the truth the  
Harder it seems  
Hell if I know what  
It's supposed to mean  
With all the struggle that we endure  
A little bit of faith could be the cure

Every time you think it's all  
Going to hell... Remember...

I'm alive, you're alive  
We are alive and well  
And we here to tell  
That we're alive and well  
A little metal health  
Is still alive and well

Get to the point, it won't take long  
A little bit of faith is gonna carry on

The ride that we take is shorter  
Than it seems  
The good things in life don't have to stay dreams.
