

# All Wound Up

Quiet Riot

Got an active imagination  
Just one look, I've got it bad  
Got a dose of your inspiration  
Hang 'em high, salute the flag

Come on babe, don't I know you  
Come on girl, lend a hand  
'Cos I'm all wound up, down on your knees

Losing all your inhibitions  
Looks to me like heavens gate, all right  
You can see by my condition  
Hold on tight, we got it made, made, made

Get down, assume the position  
Look out before I lose control  
'Cos I'm all wound up, down on your knees  
'Cos I'm all wound up, got what you need

Looks to me like we're in business  
Close the deal, it's time to go - get on home  
Seems to me by your reaction  
You must have already loved the show oh no

Come on babe, don't I know you  
Come on girl, lend a hand  
'Cos I'm all wound up, down on your knees  
'Cos I'm all wound up, got what you need  
Got what you need look out baby!

'Cos I'm all wound up,  
'Cos I'm wound up tight feeling alright  
Do with, do with, do with right all right
