

# Put Up or Shut Up

Quiet Riot

Alright

She's got hurricane eyes  
And know what she sees  
She's got lovin' thighs  
And she gets it for free

She makes a cigarette shake  
And don't need no advice  
She won't put on the breaks  
And you feed her device, yeah

She's gonna tease you up and down now  
Gonna play for keeps

I said

Put up  
Or shut it up now  
Put up  
Or shut it up

Yeah  
Ha!

She's got hounds on her trail  
And they follow her scent  
She's the kind of female  
That don't need no good sense  
(She's wild)

She's got a license to thrill  
And she shoots from the hip  
Takes her power up well  
And your passion is sure to drip

And all so packaged move for speed now  
When the feeling climbs

I said

Put up  
Or shut it up now  
(You gotta, gotta)  
Put up  
Or shut it up

Yeah

Listen

You want a piece of the action  
And I don't want to be cheated, no  
Gotta feel the connection  
She's turning on her feet, yeah!

Oh, here we go

Comin' to getcha babe  
Oh yeah

She's got hurricane eyes  
And you know what she sees  
She's got love in her thighs  
And she gives it away for free

She's gonna tease you up and down now  
Gonna play for keeps

You gotta

Put up  
Or shut it up now  
I said  
Put up (Ha!)  
Or shut it up (Now)  
Why don'tcha  
Put up  
Or shut it up  
Why don'tcha  
Put it up  
Or shut it up

Why don'tcha  
Put up  
Or shut it up now  
Put it up  
Or shut it up now

Woo!
