

Slam Dunk

Quiet Riot

Slam dunk - way to go!
What do ya say, Let's rock 'n roll

Well I come to play and I play to win
Just say the word and I'll stuff it in
I'm gonna slam it all the way
Dunk it, what do you say

When the whistle blows I'm gonna fly the coup
Just pump me up and watch me shoot
Slam it - Touch the rim
Dunk it - Thrust it in

I won't sing no sweet romantic song
But I can do ya, I can do ya
You'll never know right from wrong
Here we go

Slam dunk way to go
What do you say, let's rock 'n roll
Slam dunk climb the pole
Drive through the middle and jam it home
Slam dunk
Take control, pick it up baby,
Let's do it some more
Pick it baby, Let's do it some more
That's right

I want two, four, six, eight, ten and more
A wham-bam shooter I love to score
Jam it - Bump and grind!
Pump it! -- Come on do it right!

Shake it o the left, fake it to the right
Dunk it in the bucket, it feels alright
Jam it -- bump and grind
Pump it.

Well, I'm built for comfort, I ain't built for speed
I can double your trouble and triple your body heat
Just like this

Slam dunk way to go
What do you say, let's rock 'n roll
Slam dunk climb the pole
Drive through the middle and jam it home
Slam dunk
Take control, pick it up baby,
Let's do it some more
Pick it baby, Let's do it some more

Well, I'm built for comfort, I ain't built for speed
I can double your trouble and triple your body heat

Slam dunk way to go
What do you say, let's rock 'n roll
Slam dunk climb the pole

Drive through the middle and jam it home
Slam dunk
Take control, pick it up baby,
Let's do it some more
Slam dunk way to go
Go, go let's go
Slam dunk
Take control, pick it up baby,
Let's do it some more
Pick it up baby,
Let's do it some more
