

# Too Much Information

Quiet Riot

Coming over the airwaves  
Injected through the brain  
freeway killer with an audience  
Gonna share the pain  
It's so insane-Oh yeah

A lot of psycho babble  
On the evening news  
Put your headline story  
Where the sun don't shine

'Cause it's too much information  
I don't need  
Too much information  
For me

There's a porno princess  
On the computer screen  
Makes the access easy  
Turn your children sleezy  
Don't you know what I mean

In the morning papers  
Half the people can't read  
You're desensitized, anestized,  
Can't tell the truth from the lies

Feeling kind of anxious-like  
A lunatic on the loose  
Too much information is the food that  
I consume  
Instant problem and  
Stress all for free  
plus tons of bad news coming  
Special delivery
