

(We Were) Born to Rock

Quiet Riot

Streets alive
Something in the air
We're writing up a brand new constitution

Don't want to grow old
Age is in your head
Another boy has soul
His soul for rock and roll

(We were) Born to rock
Pull out all the stops
And we scream
We're the voice
Cause we made our choice
And that is
(We were) Born to rock

Yeah
Rock and roll
Yeah

Look out

All alone
The party's just begun
No boss to guard your shoulder generation

Running out of time
With us there's no control
Rockin' is a crime
Boss man says, "No more."

(We were) Born to rock
Pull out all the stops
And we scream
With the voice
Cause we have the choice
(We were) Born to rock

Rock on!
Watch out!
Ooh-ooh-ooh
Ooh-ooh
Ooh-ooh-ooh
Ooh-ooh
Ooh-ooh-ooh

(We were) Born to rock
Pull out all the stops

(We were) Born to rock
Pull out all the stops

(We were) Born to rock

We were born to rock!
