

# Crazy

Quietdrive

I'm sitting here, all alone and used  
I waiting for the telephone confused  
Sometimes you call, sometimes you don't  
I never, I never know what to do oo  
I try and try to convince you  
But the more and more I miss you  
It's apparent to me  
That I'll always be  
Crazy crazy crazy  
For loving you  
I try to sleep but I'm up all night  
I try to leave but I hate goodbye  
The worst of it is  
The worst of it is  
I'm crazy crazy crazy  
For loving you  
How could it be that I've been so blind?  
How could it be? I couldn't see the signs  
The worst of it is  
The worst of it is  
I'm crazy crazy crazy  
For loving you  
Uuu uuu u u u  
Uuu uuu u u u (For loving you)  
Uuu uuu u u u  
Uuu uuu u u u  
You can change, change your mind so quickly  
Kick me out on the street then miss me  
Hold me back into your arms so sweetly  
Is this what I deserve?  
I try and try to convince you  
But the more and more I miss you  
It's apparent to me  
That I'll always be  
Crazy crazy crazy  
For loving you  
I try to sleep but I'm up all night  
I try to leave but I hate goodbye  
The worst of it is  
The worst of it is  
I'm crazy crazy crazy  
For loving you  
How could it be that I've been so blind?  
How could it be? I couldn't see the signs  
The worst of it is  
The worst of it is  
I'm crazy crazy crazy  
For loving you  
Uuu uuu u u u  
Uuu uuu u u u (For loving you)  
Uuu uuu u u u  
Uuu uuu u u u  
Whatever you do, whatever you do, don't hang up that phone  
I gotta say a few things to make your world come down  
You led me on, you led me on, you made me feel so incomplete  
But now you got me crazy  
I try to sleep but I'm up all night

I try to leave but I hate goodbye  
The worst of it is  
The worst of it is  
I'm crazy crazy crazy  
For loving you  
How could it be that I've been so blind?  
How could it be? I didn't see the signs  
The worst of it is  
The worst of it is  
I'm crazy crazy crazy  
For loving you  
Uuu uuu u u u  
Uuu uuu u u u (For loving you)  
Uuu uuu u u u  
Uuu uuu
