

I met her on the 4th of July
Introduced by a friend of mine and I had to say
That's just something about her
We're in the middle of falling in love
Got the feeling she was sent from above
That will never change
Yea, I'll never be the same
Mary Jane, oh, the sweetest name
She wrote the book on how to fall in love
And when she goes away
I just don't feel the same
Let me check what you're doing tonight
(This one goes out to you, Mary Jane)
I'm right up when she enters the room
So back like the sun and the moon
Yea, I'll say it again
That's just something about her
She's still inscribed inside my head
It doesn't bother me
Instead, I wish she would stay
Cuz I would love her every day
Mary Jane, oh, the sweetest name
She wrote the book on how to fall in love
And when she goes away
I just don't feel the same
Let me check what you're doing tonight
(What you're doing?)
She makes me feel so alive
I never wanna lose this feeling
I've been chasing
Mary Jane, oh, please don't let me down
Mary Jane, oh, the sweetest name
She wrote the book on how to fall in love
And when she goes away
I just keep begging her to stay
Let me check what you're doing tonight
(Let me check what you're doing)
Let me check what you're doing tonight
Oh tonight, oh tonight, oh tonigh-igh-ght
Let me check what you're doing
Back to me
