

## Way Out

Quietdrive

Wake up alone staring at the ceiling wondering how  
It will go a part of me will never know  
Yeah I don't know where I'll end up but I know where I came from  
And where I've been and what I've done isn't who I will become  
I gotta find a way out, way out  
I gotta find a way out of my life  
I promise I'm being honest I can turn this all around  
If I can find a way out, way out  
If I can just make it out alive  
I'll make the best of it, the best of it  
Wish I could see what I left behind  
(Wish I could see what I left behind)  
Wish I could see what I left  
Run down the hall in hope of finding answers but there's none at all  
What am I even looking for?  
Yeah I don't know what I gave up but I know what I turned down  
and if I knew then what I know now that I could turn it all around  
I gotta find a way out, way out  
I gotta find a way out of my life  
I promise I'm being honest I can turn this all around  
If I can find a way out, way out  
If I can just make it out alive  
I'll make the best of it, the best of it  
Wish I could see what I left behind  
(Wish I could see what I left behind)  
Wish I could see what I left behind  
Can we try to forget  
Let the past just breathe regret  
Can we try to forget  
Can we make it until the end  
I gotta find a way out, way out  
I gotta find a way out of my life  
Over the past three years I've promised myself that you could change my life  
If I can find a way out, way out  
If I can just make it out alive  
I'll make the best of it, the best of it  
Wish I could see what I left behind  
(Wish I could see what I left behind)  
Wish I could see what I left behind  
(Wish I could see what I left behind)
