

American Powder

Quill

I said hey, yeah my dawning of day
I said hey, anywhere I follow
Do you know my rivers overflown
Do you know, what really matters

Evil mind, my satisfaction a crime
Evil mind send me flame and fire
Till the end, yeah, time and again
Till the end, bring me dust not water

I travelled back in time to the morning of my life
I travelled back in time, I saw me pray
For American Powder

I said hey, yeah my dawning of day
I said hey, anywhere I follow
Till the end, yeah, time and again
Till the end, bring me dust not water

I travelled back in time to the morning of my life
I travelled back in time, I saw me pray
For American Powder
