

Come What May

Quill

Me, I get washed away
Yeah, washed away
I'm slowly sinking
You watch me disappear
Yeah, disappear
cause I can't hold on

Well I'm leaving, it's now or never
In the morning I'm gone forever
I had to give it all
Now it seems to fade away
Here I go come what may

Down, there is no way but down
Yeah I am lost and found
Are you crying
Fool, fool, you had it coming to you
Yeah, coming to you
Remove the blindfold
