

Control

Quill

What is this feeling controlling my brain
Hallucination, am I going insane
Who is this fool inside of me, I don't know
Seems like I'm stuck here, there is nowhere to go

I let myself go crazy
While staring at the sun
Never thought of retribution, no
Inside this never ending spinning wheel
I control myself

Is there a reason for going insane
My own creator is who I will blame
I twist and turn yeah Lord knows I need a break
Invite the healer yeah before it's too late

I let myself go crazy
While staring at the sun
Never thought of retribution, no
Inside this never ending spinning wheel
I control myself
I control myself
