Quill

If you believe to reach that high  
Won't you give me a ride  
So I can kiss the sky, goodbye  
I'm gonna show yu the way  
When standing at the crossroads  
If you are sure to reach that high

Thou' I've been here  
A thousand times or more  
It's blinded me  
but now I see  
I'm taking ground  
'Cause the mountain is lying down

If you give way to yesterdays  
Turn back around  
there's only winding ways  
'Cause yesterday's gone  
You have to try and find tomorrow  
If you give way to yesterdays

I'm giving in cause high is low  
The planet's colliding in the ice and snow  
Why was I given wings  
I could have manage without  
I'm giving in 'cause high is low
