

Man In Mind

Quill

I need protection cause I'm losing my speed, do need it
now

Somehow survey me in the camera eye
Yeah, the way I am, not supposed to be
I am treading water in a rolling sea
Won't you please, please let me be the man in mind

Let me be the man in
Let me be the man in
Let me be the man in
Let me be the man in mind

I can't speak, I cannot open my mouth to scream out
loud

I need sleep but I can't close my eyes
My hands are tied, in this prison cell
I pray for light but I'm given hell
Release me, let me be the man in mind

Let me be the man in
Let me be the man in
Let me be the man in
Let me be the man in mind

Let me be the man inside your mind
Won't you free me cause my hands are tied
I give you anything, whatever I can get you
Let me be the man inside your mind

Let me be the man in
Let me be the man in
Let me be the man in
Let me be the man in mind
