Body Heat

Quincy Jones

Can you feel it Touching you Don't you feel it My tempratures risin' And it's not surprisin' But when you're close to me girl It's so tantalizin' I can't help myself I get so excited Why do I act in this fashion? Why can't I control my passion? Some call it... soul fire I call it love's desire Come on up, I'm gonna take you higher I'm gonna give you warmth, guaranteed to inspire When we meet Ain't it sweet And when we greet Feel that body heat Feel that body .. Can't you feel it, can't you feel it, can't you feel it Feel that body heat? Feel that body heat Body heat Give me your hand And I'll give you mine Oh, fire and water Mixed up in one sign Touching you Inside of you, baby Oh, I like it I like it a lot Come on baby Give it all you got I'm gettin' warmer But just wait til I get hot Cause I'm a genie nonfiction Rub me til I feel the friction Some call it... soul fire I call it love's desire Come on up, I'm gonna take you higher I'm gonna give you warmth, guaranteed to inspire When we meet Feel the heat Ain't sweet Feel that body heat Feel that body heat Your Fahrenheit is outta sigh It's alright, I dig body heat I dig body...

Your centigrade could stand some shade But it's o.k. cause I dig body heat I dig body heat

Can you feel it Call you feel it Can you feel it Feel that body heat?
