

Turn on the Action

Quincy Jones

Turn on the action, (Come on and give me your love)
I'm runnin' hot, baby, give me the
Love inside. (Gotta keep it hot, give it all you got)

Feed me your passion, (Come on and make it alright)
Don't waste no time,
Baby show me a dream tonight (Cotta keep me satisfied)
Don't hold it back,
Let your love flow through me
I need to feel you in my soul
Like it used to be
Won't you do it to me
Give me the moments that make me lose control
Got to put back the feeling we knew once before,
And I will make you see that it's alright
Pull down the blinds, put the lock on the door
So we can share the magic that comes from being one,
And show the world we've only just begun

Just treat me right,
I'm a winning ticket, come on and take away the prize
It's up to you, now's the time to get it.
I'll give you somethin' to make you realize,
There's a new kind of woman that's showing her style
I hope that you can make it through the night
So put all your trust in the warmth of my smile,
And I will show you heaven,
Like no one's seen before,
Without a doubt-I'll leave you wantin' more
So take my hand, we'll drift into the night
And I will be your fantasy.
And in a while you'll see that only I can set you free

Got to put back the feeling we knew once before,
And I will make you see that it's alright.
Pull down the blinds, put the lock on the door.
So we can share the magic that comes from being one,
And show the world we've only just begun
