

You Put a Move on My Heart

Quincy Jones

Baby I just want you to understand
Just exactly how you make me feel

Oooh yeah

I wanna feel you next to me

Ooooh... time after time, when I'm feelin low
Somethin inside of me let's me know it's alright
Loves on my side
When the world... seems a lonely place
I've got a dream that won't leave a trace of the blues
I just think of you baby I know

I've got a real thing here by my side
Someone who needs me holding me tight
And these special feelings won't ever fade
Cause I knew from the start you put a move on my heart

Baby our loves like a melody playing for us
In the sweetest key you could find the music of life
And when we touch there's the warmest glow
Heat in the passion that heaven knows it's a dream
Just for you, you and me... and baby I know

I've got a real thing the love of my life
Someone who needs me and he feels me with pride
Baby now, now and forever, we'll never part
Cause you're the world to me you put a move on my heart

I got a real love yes I do, and you're someone baby
You're someone baby, someone that needs true love
And these, these special feelings, time can embrace
Baby, believe me this ain't a dream and suger
I knew, I knew from the start, you put a move on me
Oooh you got through to my heart
You got through to my heart babe oooh

Baby can't you see, you and I were meant to be
Hold me, love me passionately blind, love me til the end of time
Hold me, love me (and don't love go)
Baby can't you see, you and I were meant to be
(I want you to touch me babe) passionately blind
Love me til the end of time, hold me love me oooh

I want you right here, right now, laying by my side sugar thrill me tonight
I wanna feel you in my arms ohh babe ohhh and u know I love when your lovin

Mm come closer
I wanna feel your body pressed against mine
Mm that's right
Ooh
