Secluded in a marker stone  
Not only deadlier but smarter too, smarter too  
All along the tomb, all along the ruin  
Secluded in a marker stone  
Not only deadlier but smarter too, smarter too

I could live a million  
I could live a million  
I could live a million  
I could live a million years

All along, all along, all along the tomb  
In secret in, in secret in, in secret in the ruin  
Secluded in a marker stone  
Not only deadlier but smarter too, smarter too
