Your eyes are burnin' holes through me I'm gasoline
I'm burnin' clean

20th century, go to sleep You're plasticine That is obscene That is obscene

You are the star tonight You shine electric outta sight Your light eclipsed the moon tonight Electrolite You're outta sight

If I ever want to fly Mulholland Drive I am alive

Hollywood is under me I'm Martin Sheen I'm Steve McQueen I'm Jimmy Dean

You are the star tonight You shine electric outta sight Your light eclipsed the moon tonight Electrolite You're outta sight

If you ever want to fly Mulholland Drive Up in the sky

Stand on a cliff and look down there Don't be scared You are alive You are alive

You are the star tonight
You shine electric outta sight
Your light eclipsed the moon tonight
Electrolite
You're outta sight

20th century, go to sleep Really deep We won't blink

Your eyes are burnin' holes through me I'm not scared I'm outta here I'm not scared I'm outta here
