

## What If We Give It Away?

R.E.M.

On the outside, underneath the wall  
All the money couldn't buy  
You're mistaken, no one's standing there  
For the record, no one tried

Oh, I try to  
What if we give it away?

Overlooking with a hollow eye  
What's pretending isn't right  
Eye for order, a hand for what's in line  
Couldn't follow, couldn't write

Oh, I try to  
What if we give it away?

And our life is fine here  
Stitch it on your tie here

Here's the trailer, Tom  
A year has come and gone  
We're not moving, wasn't right  
Take the order, sew it on your tie  
We couldn't follow, couldn't try

Oh, I try to  
What if we give it away?  
What if we give it away?
